

RED · CABERNET & SYRAH

O Positivo 2022

The most robust wine in the Solar Fortún lineup.

Always the most robust wine of the Solar Fortún lineup, O Positivo balances the bold fruit of Cabernet with the great acidity and floral style of Syrah, and the two grapes complement each other beautifully. Expect cassis, blackberry and blueberry with a layer of spice, a wine with real dimension that will last a decade or more.

A Name with a Story

O Positivo is the blood type of everyone in the López family: a joke about putting blood, sweat and tears into the family business.

SOLAR FORTÚN

Solar Fortún is family owned and run by the López family. Santiago, the founder and winemaker, is the son of two physics professors in Ensenada, and the estate was conceived with scientific precision: every detail deliberate, nothing left to chance.

The winery runs with near-total sustainability, with harvest and most vineyard work done by hand. The name nods to Francisco Zarco, the 19th-century journalist who wrote as "Fortún," and to "solar," a sun-drenched rural plot.
