

The Maciel Estate

- All wines are aged for a minimum of 12 months in French and American oak and 18 months in the bottle before release.
- Maciel's red wines are built for long-term aging and reward time in the cellar.
- Jorge makes all of his wines from purchased fruit in vineyard sites he has used since he started. He only uses select vineyard sites in Valley de Guadalupe, Ojos Negros, and Valle de Vicente.
- The high elevation vineyard site in Ojos Negros (3,500 ft) is farmed organic and is the oldest vineyard of Nebbiolo in the area, with an average vine age of 80+ years.

Total production: 6 wines, 3,700 cases

2015 Alba - Cava Maciel

Tasting Notes and Drinking Window:
A 100% Cabernet Sauvignon made in a French style, this wine presents classic cabernet notes of cassis, baking spices, vanilla, and black cherry in a full-bodied envelope that has sufficient tannin and structure to age for quite a while. Winemaker Jorge Maciel makes wines with the intention of them being aged before they are consumed, thus his approach of not releasing his 2015 vintage until 2021.

330 cases made
